

FLOOR NZ NEWSLETTER

FEBRUARY 2024

Dear Floor NZ member,

We want to thank you for being a valued member of Floor NZ.

This email is to inform you that we have reviewed our fee structure for 2024 so there are no surprises when we start sending out invoices later in February for the annual membership fee.

It has been over 5 years since there has been any change to our fees so appreciate your understanding. This has become necessary to cover the increased costs in operating and ensuring we continue to provide members the required level of service and support. We also want to reduce the need to ask for additional funds during the year for the advocacy work we do. This will also enable us to continue to support the Flooring industry through any regulatory changes like the recent E3 and BPIR changes and keep up to date Best Practice Guidelines with any new developments.

Our mission is to build a strong flooring community through education, fostering collaboration, undertaking industry advocacy, and providing added-value services to our members.

Our vision is to provide high quality professional services to the New Zealand flooring industry today and tomorrow. Floor NZ actively:

- Promotes training throughout the industry.
- Provides information on design trends and available for advice as needed.
- Supplies material and resources for block course training for NZQA accredited certifications.
- Provides technical expertise to develop the best practice planning and installation guidelines.
- Lobbies government agencies on behalf of the industry.
